#### School Facility Conditions and Planned Improvements

The Shoreline Middle School facility opened in April 1997 and is maintained expertly. During the summer of 2009, extensive repairs and improvements were completed for Shoreline Middle School, including a new roof, new siding, and HVAC repairs. Shoreline Middle School has a sufficient number of classrooms, staff workrooms, and outdoor space to support teaching and learning in an organized environment. The district maintenance crew completes periodic checks and responds to site requests for repairs and upgrades in an efficient manner. Shoreline Middle School has 26 classrooms, three portables, a library, multipurpose room, weight room, two locker rooms, an administrative office, staff workroom and lunchroom, woodshop, music room, five outdoor basketball courts, a brand-new regulation turf soccer field, softball field, and the required amount of bathrooms. Before, during, and after the school day, two administrators, a counselor, and a campus supervisor monitor student behavior and ensure that visitors sign in at the office. In the Spring of 2017, the school completed the construction of a brand-new building, to house the Boys and Girls Club program. Brand new carpet was installed in all classrooms during the summer of 2018, and in the library, main office, hallways, and stairs in the summer of 2019. The existing grass soccer field was reconstructed as an artificial turf soccer complex with an all-weather running path which was completed in January 2020. The interior walls, common areas, and exterior doors of the main building were painted in 2020-2021. The HVAC system was upgraded to MERV 13 and every classroom has a free-standing HEPA filter.

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. A schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored

# 2020-21 Local Accountability Report Card (LARC) Addendum

#### LARC Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

#### **CAASPP** Results

If you used CAASPP to administer 2020-21 standardized testing, DTS will populate the appropriate tables with data provided by CDE.

#### Local Assessment Data

If you did not use CAASPP to administer 2020-21 standardized testing, DTS supports MMARS, iReady, MAP, STAR, SBAC and other import formats. You can either:

- 1. Manually populate the Local Assessment input sections or,
- 2. Send us spreadsheets from MMARS or your testing vendor and we'll import data on your behalf.
- 3. Send us the data using the spreadsheets listed below and we will import the data for you:

ELA Local Assessment Results Math Local Assessment Results

You can use <u>Multiple Measures</u> to convert raw student results to this format. You can also inquire with your testing vendor as they may be able to provide disaggregated data in this format.
